SUMMARY

I am a passionate Computer Science student with a strong interest in software development and problem-solving. I take pride in being responsible, well-organized, and approachable, making me a great collaborator in team environments. Driven by curiosity and a commitment to continuous growth, I am eager to learn new skills, master emerging technologies, and apply my knowledge to real-world projects. I look forward to contributing meaningfully to the company while gaining valuable hands-on experience and expanding my professional expertise.
